SUMMARY

Web developer and UI/UX specialist with 5+ years building and optimizing web experiences across 10,000+ client sites and 10+ CMS platforms. Promoted to mentor and interviewer, cutting team project turnaround time from 90 to 14 days while scaling onboarding and team-wide technical competency. AAS in Web Design & Development; proficient in HTML, CSS, JavaScript, Figma, and Adobe Creative Suite.

EXPERIENCE

Website Implementation Specialist – Mentor

Nov 2024 – Present

Boostability

- Decreased team project length-of-stay time from 90 days to 14 days (an 84% reduction) in 6 months by developing technical training resources and standardizing CMS and web implementation workflows.
- Participated in 18 hiring interviews evaluating technical skills and team compatibility, resulting in 7 successful hires.
- Built learning resources and led recurring Q&A sessions for 12 team members, improving onboarding speed and technical consistency.
- Strengthened client relationships by addressing escalations and special requests with timely, effective solutions.
- Troubleshoot and repaired client websites, including full rebuilds in response to critical errors.

Website Implementation Specialist

Oct 2020 – Nov 2024

Boostability

- Developed custom HTML and PHP solutions to implement advanced SEO modifications and site enhancements beyond native CMS functionality.
- Designed and optimized client web pages with pixel-perfect accuracy, implementing schema markup, meta tags, heading structures, and keyword-optimized content to improve organic search rankings.
- Boosted site speed by 50%+ on 224 client websites through .htaccess and web.config optimization, caching configuration, image compression, and CSS/JS/HTML minification.
- Executed on-page and technical SEO across 8+ CMS platforms, including WordPress, Joomla, Webflow, and Wix, for 10,000+ unique customers.
- Monitored site health via Google Search Console and Google Analytics, identifying and resolving technical issues before they impacted rankings.
- Collaborated cross-functionally in a fully remote environment to align on client deliverables and SEO strategy.
- Recognized company-wide for completing one-third of team task volume in a single month on a team of 7.
